Mr. Hamby,

After discussion, we believe your proposed approach will satisfy the requirements of Chapter 62-780.220(6), Florida Administrative Code, for an annual update with regard to any identified contamination on school property.

Brian

Subject: FDEP Annual Notification Letter

Dear Mr. Dougherty,

Polk County Public Schools proposes to post the Annual Notification Letter of ground water contamination to the schools webpage and provide a link to students, parents and staff on a flyer distributed at the start of school. This flyer will include the link to the annual notification letter for students, parents and staff to view and download (if they chose) the current report.

Please let us know if this is permissible or if we need to modify the delivery method.

Regards,

Harold Hamby
